### HOROSCOPES

#### ARIES 21 Mar - 19 Apr

You have an extraordinary zest for life as April gets underway. The 1st and 2nd are days to seek out adventure, and the 6th and 7th are perfect days to celebrate your good fortune with the friends and relatives who helped you get to this point. The 8th through 10th can be an emotional time, especially if you insist on dredging up a touchy issue from the past, but there's really no reason to dwell on things that you cannot change. It should be easier to move forward by looking at the facts rather than focusing on the feelings attached to painful events through the 14th. Rams who are looking for love just might find it in an unlikely place on the 17th and 18th, and every little surprise that comes your way seems to be a good one through the 20th. You have little time for fun and games on the 21st and 22nd, however; instead, you choose to put all of your energy into your career or toward solving a family matter. But as long as you can avoid taking your best friend's or lover's offhanded comments too seriously on the 26th and 27th, the last three days of the month should end on a high note. [www.astrology.com](http://www.astrology.com)

#### TAURUS 20 Apr - 20 May

There's a lot on your plate as April begins, but you have every intention of finishing every last bit of it. You have a lot of ambition on the 1st and 2nd, and, as the Moon moves through your Sign on the 3rd and 4th, you are unfaltering as you climb uphill to accomplish your goals. The 6th through 12th is a busy time in your social life, but you shouldn't have any trouble making conversation with strangers or breaking the ice with a blind date during this timeframe. Time is of the essence in both your career and personal life on the 13th and 14th, but luckily you have the art of arriving on time completely mastered. Your magnetism reaches epic proportions on the 17th and 18th, and flirting is your romantic forte on the 19th and 20th. You may spend a lot of your time tinkering in the garage or in your own private studio or workshop on the 23rd through 25th, and it wouldn't be unusual for you to emerge from your work session with something quite inventive. You have the ability to turn your creation into something profitable on the 28th through 30th, so don't waste an opportunity to get the word out. [www.astrology.com](http://www.astrology.com)

### Let's Make An...Origami Bunny

You Will Need:

- \* A 3" by 5" index card or business card & tape or glue.  
(You can use a plain piece of paper but it won't hop as well.)

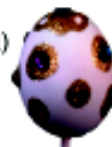

How To Make It:

1. Place the card in a portrait orientation. At the top of the card take a corner & fold it down until the top edge and the side edge meet. Open card flat.
2. Repeat with the other corner. Now you have an "X".
3. There should be two creases on the top of your card. If steps 1 & 2 were done correctly, they should form an "X" at the top of the card. Now make a crease that runs through the middle of the "X". Fold back the top right through the middle of the "X".
4. Collapse the paper on the pre-made creases.
5. Fold the outer corners of the triangle to the top.
6. Fold the sides to the middle.
7. Fold the bottom edge to the top.
8. Fold the top edge of the front layer to the bottom edge.
9. Turn over & glue or tape 2 bunny ears to the top.
10. To make your bunny hop, loosen the front and back legs so that the bunny is not flat. Tap at the back, and the bunny will jump.

### How About...Jeweled Eggs

You Will Need: (Parental supervision recommended)

- \* Boiled Eggs
- \* Glitter paint w/ tip on bottle
- \* Flat sided jewels
- \* Egg cartons, empty

How To Make It:

1. At the top of the egg, make a scalloped circular design with the glitter paint, if desired. Make sure there is a "puddle" of paint on the top. Place a jewel on the top of the egg in the puddle of paint.
2. Make a "puddle" of paint on the side of the egg. Place a jewel in the "puddle". You can make the "puddles" as small or big as you wish, just enough to hold the jewel in place.
3. Repeat as many times as you wish around the egg.
4. Let dry. (see \* below)
5. Place on a decorative plate, an Easter basket or make an arrangement for your table.

\* You will need to decorate only one side of the egg at a time. Let dry either on egg cartons turned upside down or a cooling rack. Decorate other side when first side is dry.
